WHY MITT?

AFFORDABLE TRAINING

Tuition at MITT is competitive. With a low cost of living compared to other Canadian cities, Winnipeg is an affordable place to live and study.

CAREER-FOCUSED SUPPORT

MITT is the only college in Manitoba that integrates employability skills training into every program. Our Career and Employment Services team helps you develop a career toolkit to transition effectively into the workforce.

EMPLOYED GRADUATES

Our mission is to get you career-ready. From hands-on training to career services, we prepare you for today's workforce and the evolving needs of tomorrow. 84 per cent* of our graduates say the education they received from MITT qualified them for their current job.

EXPERIENCED INSTRUCTORS

Our instructors are industry experts with years of experience. They share their immense knowledge and provide one-on-one guidance, building your skills and confidence so you are career-ready after graduation.

INCLUSIVE ENVIRONMENT

MITT offers a safe and inviting learning environment through small campuses and dedicated cohorts.

Students from diverse backgrounds, cultures, and life experiences create community through campus events and student groups.

WORK-INTEGRATED LEARNING

Programs include hands-on learning where you will practice your skills in modern simulation labs using state-of-the-art industry tools and equipment. 70 per cent of programs include a work practicum of up to 21 weeks with a local employer.

*Source: 2023 Insightrix survey of more than 400 recent alumni.

WELCOME TO WINNIPEG, MANITOBA

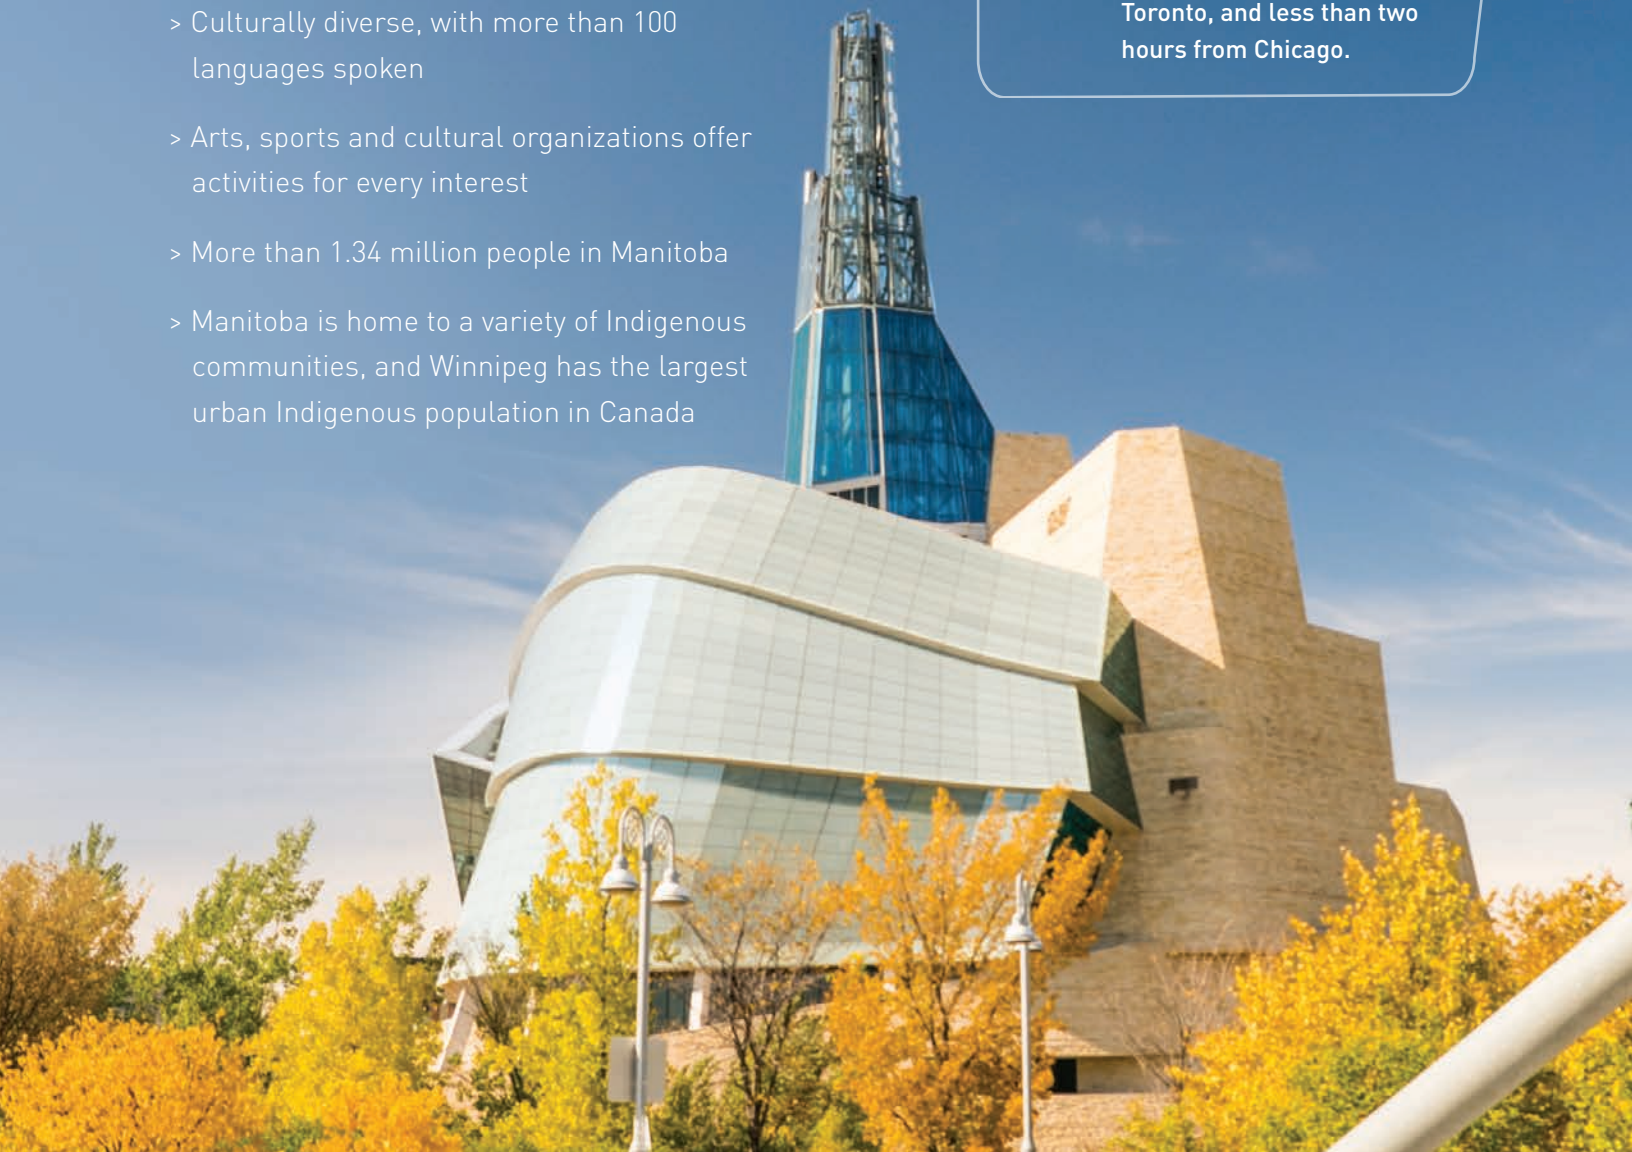

Situated in the middle of North America, Manitoba is a welcoming and friendly province that boasts beautiful natural landscapes and vibrant communities. Manitoba's capital, Winnipeg, has a diverse population, a tremendous multicultural landscape, and numerous unique attractions.

With a strong and diversified economy, low cost of living and many opportunities for quality careers, Manitoba is a great place to settle.

- > Culturally diverse, with more than 100 languages spoken
- > Arts, sports and cultural organizations offer activities for every interest
- > More than 1.34 million people in Manitoba
- > Manitoba is home to a variety of Indigenous communities, and Winnipeg has the largest urban Indigenous population in Canada

By plane, Winnipeg is just three hours from Vancouver, two and a half hours from Toronto, and less than two hours from Chicago.

CLIMATE

Manitoba boasts four distinct seasons. With an average of 318 days of sunshine each year, you can enjoy outdoor activities year-round.

25°C

Average summer temperature¹

Spring and fall are the shortest seasons with a wide range of temperatures

-12.9°C

Average winter temperature¹

¹ Economic Development Winnipeg

AFFORDABLE LIVING

Winnipeg is considered one of the most inexpensive places to live in Canada, with competitive tax rates, low utility costs, and affordable housing.

Lower living costs compared to Vancouver, Toronto, Calgary, and Montreal.

\$1,140²

Average monthly rent

STRONG ECONOMY

Winnipeg's economy is strong and diverse. Industries such as aerospace, advanced manufacturing, agribusiness, and pharmaceuticals have large corporations with significant employee bases in the city. Winnipeg is also home to numerous start-ups, including several in the tech sector.

Major companies that have established headquarters, offices, or work sites in Winnipeg include:

- | | | |
|-----------------------|----------------------|------------------------|
| > Amazon Web Services | > Cargill Limited | > Paterson GlobalFoods |
| > Bayer | > Frantic Films | > Pollard Banknote |
| > Boeing Canada | > IntouchCX | > Price Industries |
| > Bold Commerce | > Mondetta | > Skip the Dishes |
| > Canada Goose | > Magellan Aerospace | > Ubisoft Winnipeg |

MANITOBA PROVINCIAL NOMINEE PROGRAM

The Manitoba Provincial Nominee Program (MPNP) accepts applications from international students, skilled workers and entrepreneurs from all over the world to immigrate to the province and become a permanent resident of Canada.

MITT graduates are provided with a Post-Graduation Work Permit (PGWP) that allows them to find employment in the province. Graduates who find long-term employment in Manitoba in an in-demand occupation related to their training are eligible to apply to the MPNP immediately after obtaining a job offer.

BUDGET CONSIDERATIONS¹

| | | |
|---|---|--|
| Supplies \$525 to \$2,000 ² | Textbooks \$150 to \$1,800 ³ | Transit \$87 to \$110 (per month) |
| Health Insurance \$800 to \$1,200 (mandatory) | Food \$450 to \$600 (per month) | Housing \$800 to \$1,200 (per month) |

¹Costs are estimated and subject to change.

²Supplies and books, including laptops, are purchased by students. The above estimate includes the cost of a laptop. Find more information about supplies and textbooks at [MITT.ca/program-information](https://mitt.ca/program-information).

³For more information, visit [MITT.ca/current-students/textbooks](https://mitt.ca/current-students/textbooks).

STUDENT RESOURCES

MITT is dedicated to helping you succeed in your studies and in life. We provide resources so you feel supported, connected, and confident that you have the knowledge you need to make the most of your time here. Our advisors and service teams focus on creating an inclusive and welcoming environment where all students can thrive.

Student Success Centre

The Student Success Centre is a central space where students can study, access support services, and connect.

Student Advisors

Student advisors are the best resource on campus for future and current students to talk to about their academic plans. MITT has specialized advisors who support students transitioning to college or the Winnipeg community and those with accessibility or learning support needs.

[MITT.ca/student-advisors](https://mitt.ca/student-advisors)

Financial Aid and Awards

The Financial Aid and Awards office helps students plan their finances and provides guidance on how to access information about partial or complete funding to support their education, including scholarships and bursaries.

[MITT.ca/financial-aid-and-awards](https://mitt.ca/financial-aid-and-awards)

Immigration Services

The immigration services advisors guide students on visa and immigration matters, including study permits and post-graduate work permits (PGWP), and helps students' families, where applicable, with the immigration process.

[MITT.ca/immigration-services](https://mitt.ca/immigration-services)

Career and Employment Services

The Career and Employment Services team prepares students for meaningful careers and connects employers with work-ready candidates.

[MITT.ca/career-and-employment-services](https://mitt.ca/career-and-employment-services)

Accessibility Services

MITT works closely with students and sponsoring agencies to develop plans to meet students' learning needs, including accommodations and access to grants and bursaries, where applicable.

[MITT.ca/accessibility-services](https://mitt.ca/accessibility-services)

Counselling and Social Work

From issues relating to mental health to providing road maps for success, our counselling and social work resources offer guidance and ongoing support for students as they continue on their career journey.

[MITT.ca/mental-health-support](https://mitt.ca/mental-health-support)

CAREER-FOCUSED EDUCATION

EMPLOYABILITY SKILLS

As part of every program we offer, students learn the employability skills they need to transition smoothly from education to employment. At MITT, we call these Success@Work Skills, which include adaptability, collaboration, communication, problem-solving, initiative, and professionalism.

Work Skills Foundations

Acting as an introduction to post-secondary learning, Work Skills Foundations is a set of 10 self-directed modules that teach students how to use learning strategies, critical thinking, and problem-solving in the classroom and how these can be applied to any work environment.

MITT.ca/work-skills-foundations

Bridging to Work Series

Bridging to Work is a series of career-focused modules integrated into all post-secondary programs. This innovative approach to career education focuses on three key areas to help students find employment: resume development, interview skills, and transition to work.

MITT.ca/career-and-employment-services

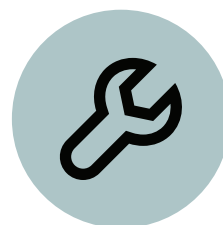

WORK-INTEGRATED LEARNING

Work-integrated learning is a signature element of the hands-on training provided at MITT. It allows students to apply their classroom and lab knowledge to real-world situations, gaining valuable experience to build their resumes and establish connections with companies in Manitoba.

Work Practicum

Partnerships with Winnipeg and Manitoba-based businesses provide students with work practicum opportunities that allow them to put their new skills to use and gain valuable industry experience.

Capstone and Applied Projects

Capstone and applied projects allow students to strengthen their skills in class while finding innovative solutions to relevant and timely challenges facing today's workforce.

STUDENT LIFE

Student Services offers a variety of events throughout the year to support students and create community. From career-focused seminars to social celebrations and student groups, activities cater to the interests and pursuits of students across programs.

[MITT.ca/events](https://www.mitt.ca/events)

STUDENT GROUPS

Student groups allow you to be part of the larger college community, connect with peers, network with industry professionals, and pursue your passions.

[MITT.ca/student-groups](https://www.mitt.ca/student-groups)

Indigenous Students' Circle

The Indigenous Students' Circle (ISC) is open to all students who wish to participate in Indigenous cultural events and share similar experiences while attending MITT. The ISC meets monthly at the Aazhogan Indigenous Student Centre and hosts campus events with other student groups and in support of national Indigenous campaigns.

MITTPreneur

MITTPreneur, a student group for entrepreneurship, introduces students to starting and owning a business. If you have a great business idea or want to know if starting a business is right for you, this is the group to join.

MITT Pride

MITT Pride strives to empower 2SLGBTQIA+ students by providing opportunities to socialize, support one another, and create a safe and accepting campus community. Anyone committed to supporting 2SLGBTQIA+ people are welcome to participate.

MITT Volunteer Program (MVP)

MVP is a volunteer program where students support on-campus events and unique projects across our departments and campuses. Students gain valuable experience, new skills and networking opportunities.

Professionals in Health Care (PiH)

The Professionals in Health Care student group facilitates discussions on new topics and developments in health care, allowing students to collaborate on areas of interest within the health field.

Women In Trades and Technology (WITT)

WITT is for those that identify as women who have come to MITT to pursue their interests in trades and technology. This group aims to support and guide them on their path toward successful careers in their chosen fields.

¹INTAKES

Programs may be offered in the day and/or evening. Find more information on the specific program page at **MITT.ca/programs**.

²WORK-INTEGRATED LEARNING

Some programs may have a Work-Integrated Learning component that is not listed here. Find complete details on the specific program page at **MITT.ca/programs**.

³REQUIREMENTS

Some programs may have additional entrance requirements. Find complete details on the specific program page at **MITT.ca/programs**.

Students whose first language is not English or who were educated in a country where English is not the primary language will have to meet English language proficiency requirements. For information, see **MITT.ca/proficiency**. MITT also offers English for Academic Purposes classes. For information, see **MITT.ca/ELI**.

⁴TUITION

Tuition fees listed are current rates and are subject to change. Amounts presented here do not include additional fees, textbooks, supply costs, or health insurance.

⁵SECOND YEAR TUITION

Tuition listed for 2-year programs is for both years. Rates listed here are estimates, based on 2023-2024 tuition rates. Fees are subject to change each year. Find current tuition and fee information at **MITT.ca/tuition**.

DESIGN AND MANUFACTURING TECHNOLOGIES PROGRAMS

Design and Manufacturing Technologies programs blend creative inspiration with real-world practical needs. You will learn to interpret requests and initial designs and bring these concepts to life. Industry experts are on-hand to instruct and mentor students eager to enter these in-demand fields.

DESIGN AND MANUFACTURING TECHNOLOGIES PROGRAMS

CAD Technician

Electronics Technician

Graphic and Print Technician

START HERE

A Design and Manufacturing Technologies program is well-suited for you if you want creativity in your career. The ability to bring concepts to reality through a blend of digital and physical production is key, along with a passion for identifying trends and integrating them into production.

GET THERE

Our graduates find careers working in businesses that specialize in design and production. They may contribute to an independent firm, a multinational company, or build their own business.

I love the hands-on part of the course, I feel like it helps me learn more. The instructors are really nice, and they care about your learning. I like that a lot.
— Shaelyn, Graphic and Print Technician program

DESIGN AND MANUFACTURING TECHNOLOGIES PROGRAMS

CAD Technician

The CAD Technician program introduces you to architectural, civil and manufacturing drafting fundamentals. Students blend creativity with analytical and problem-solving skills to develop and produce accurate 2D and 3D models using industry-standard computer software. Through project-based learning, students will gain the knowledge and skills required to translate concepts, sketches, and specifications into precision drawings for a variety of industries.

Career Opportunities

CAD technician, junior/intermediate/senior drafter, design drafter, CAD manager, estimator, quality assurance technician

MITT.ca/CAD

Electronics Technician

This program focuses on the skills needed to assemble, install, troubleshoot, and repair electronic equipment used by consumers and industry. You will learn electronics theory, logic, fabrication, how to work with circuits, and the components of electronic systems, gaining a broad understanding of the field.

Career Opportunities

Electronics technician, service technician, fire alarm technician trainee, security alarm technician, gaming technician, circuit board assembler, control panel builder or assembler, field technician, electronics lab technician, cable company worker, security system employee, entrepreneur

MITT.ca/electronicstech

Graphic and Print Technician

Develop knowledge and skills across the spectrum of design, pre-press, printing, and post-press finishing in the award-winning Graphic and Print Technician program. It is the only program in Manitoba to teach flexographic printing and feature an onsite lithographic Heidelberg press.

Career Opportunities

Press operator or technician, bindery/finishing operator, pre-press or production technician, production manager, package designer, machine repair technician, ink technician, print or supply salesperson, graphic designer, illustrator

MITT.ca/GPT

HEALTH CARE PROGRAMS

MITT is highly respected in the health care community as a small institution that has a big impact. Our courses are well connected to community health organizations and align with current health care practices. With our simulated classroom environments, you will gain the theoretical and practical experience you need to get a job working on the front lines of patient care.

HEALTH CARE PROGRAMS

Health Care Aide and Personal Support Worker

Medical Office Assistant

Pharmacy Technician

Rehabilitation Assistant

START HERE

Are you kind and compassionate? Someone who likes to help others and think on your feet? Our Health Care programs provide access to exceptional instructors and training. When you find the program that speaks to you, we're here to help you launch your career.

GET THERE

Our graduates work across a broad spectrum of health care environments, including health service providers under the regional health authorities. They bring theoretical and applied learning to hospitals, pharmacies, private medical clinics, doctors' offices, and long-term care facilities. Programs, courses, and certifications may be transferable to other Canadian provinces.

All the instructors are very friendly. They help us out a lot, and I feel like, since our class is small, we can really have a lot of one-on-one time with the instructors and we get that close-knit group as a class as well.

— Sandy, Pharmacy Technician program

HEALTH CARE PROGRAMS

Health Care Aide and Personal Support Worker

Gain the knowledge and skills to work to the full scope of practice of the health care aide/personal support worker role within various health care settings to deliver safe and effective care. Two work practicum experiences will sharpen your knowledge, as well as validate entry-to-practice competencies essential in this field.

Career Opportunities

Health care aide, personal support worker, nursing assistant, home care worker

MITT.ca/healthcareaide

Pharmacy Technician

This CCAPP-accredited program teaches you the fundamentals of pharmaceutical care, as well as high-level skills related to the safe preparation, dispensing and distribution of medication. The curriculum, designed by specialized pharmacy experts to reflect the current scope of practice and emerging health care trends and technologies, focuses on the core competencies of everyday pharmacy technician practice.

Career Opportunities

Pharmacy technician, pharmacy assistant, registered pharmacy technician (outside Manitoba), compounding supervisor, pharmaceutical sales representative

MITT.ca/pharmatech

Medical Office Assistant

Get the technical and interpersonal skills and knowledge needed to provide administrative support to medical professionals in various settings across the province. Develop competence and confidence to efficiently manage the demands of the front desk in any medical facility.

Career Opportunities

Medical office assistant, surgical office assistant, receptionist, medical secretary, admitting clerk, filing clerk, medical billing clerk, emergency clerk, community health clerk

MITT.ca/medicalofficeassist

Rehabilitation Assistant

This program gives you the knowledge and skills to provide safe and competent rehabilitative care to clients and their families. You will learn to help deliver treatment plans designed to improve a client's physical function, independence, or occupational performance.

Career Opportunities

Rehabilitation assistant (hospital, care home, school, community), transitional living facility worker, community support worker, recreation aide

MITT.ca/rehab

HUMAN SERVICES PROGRAMS

Our programs prepare students for a career in customer service through various hospitality and personal services opportunities. Creativity and the desire to positively impact people's lives are encouraged in our excellent simulation environments designed for real-world practical learning.

HUMAN SERVICES PROGRAMS

Early Childhood Education Diploma

Hospitality Management Diploma

Hotel and Hospitality Services

START HERE

A Human Services program is an excellent fit if you like working with people in fast-paced environments, love multitasking, and can think on your feet. Whether you want to start or advance on a management path, receive the training to get hired and move forward.

GET THERE

Our graduates find work in tourism, hospitality, personal services, and daycare centers. All careers in this area have entrepreneurship potential.

It's a fun environment compared to university, where you're in a classroom. This isn't in a classroom. You're doing hands-on stuff, constantly learning and constantly practicing.
— Sam, Hospitality Management program

HUMAN SERVICES PROGRAMS

Early Childhood Education

Acquire the knowledge and skills required to earn an Early Childhood Education (ECE) II classification and work with infants to children up to age 12 through this provincially accredited and comprehensive diploma program. Develop your understanding of child development, guiding techniques, and play-based curriculum. After the program, you may continue your education and obtain your ECE Level III or a bachelor's degree.

Career Opportunities

Early childhood educator, childcare worker, Head Start program instructor, recreational centre worker

MITT.ca/ECE

Hospitality Management

This intensive, two-year diploma is tailored to hospitality services professionals looking to take the next step as supervisors or managers. It provides a practical approach rooted in leadership theory, hands-on training, and professional work exposure.

Career Opportunities

Front desk or housekeeping supervisor/manager, sales and marketing coordinator, events manager, marketing manager, food and beverage manager or supplier

MITT.ca/hospitalitymanage

Hotel and Hospitality Services

Develop the knowledge and skills you need to work in Canada's booming tourism sector. Emerit training developed and tested by Canadian tourism sector employees, employers, and educators ensures you will meet the profession's internationally recognized standards.

Career Opportunities

Front desk agent, food and beverage server, banquet staff, housekeeping attendant, bartender, manager, supervisor, customer service representative, travel agent, tourist guide

MITT.ca/hotelhospitality

INFORMATION AND COMMUNICATION TECHNOLOGY PROGRAMS

Our Information and Communication Technology programs prepare you to succeed in high-demand areas of employment such as software development, networking, system administration, cybersecurity, and technical support services. Developed through strong industry partnerships and driven by the latest technologies and in-demand certifications, our programs help you learn through a combination of classroom instruction, lab experience, and work practicums. You will emerge ready to pursue a new career or gain additional certifications.

INFORMATION AND COMMUNICATION TECHNOLOGY PROGRAMS

Network and Systems Administrator
Advanced Certificate

Network and Systems Administrator Diploma

Software Developer Diploma

START HERE

One of our Information and Communication Technology programs will be a great fit if you are comfortable with new technology and a natural problem solver—whether you prefer to work independently or as part of a team. Each program prepares you for a specific career path, so if you are laser-focused on an end goal, we will help you reach it.

GET THERE

Our graduates work in a wide range of industries with in-demand skills that allow them to excel in networking, technical support, administration, management, computer and technology services, cybersecurity, software development, and more.

The teachers really listen. If you want to learn from people who care about how you do, this is a great college.

— James, Network and Systems Administrator program

INFORMATION AND COMMUNICATION TECHNOLOGY PROGRAMS

Network and Systems Administrator Advanced Certificate

Gain comprehensive skills in setting up, managing, and troubleshooting networks and core services. You will apply your learning in hands-on advanced labs outfitted with industry-grade hardware and software from universally-recognized technology leaders like Cisco, Microsoft, Red Hat, AWS and VMware.

Career Opportunities

Network analyst, network technician, system analyst, help desk specialist, computer analyst, system support specialist, systems administrator, cloud administrator, incident handler, intrusion analyst

MITT.ca/NSA-advanced-certificate

SKILLED TRADES PROGRAMS

Our programs prepare you for entry-level employment in various in-demand skilled trades. Developed through strong industry partnerships and driven by the latest industry equipment and technologies, our programs help you learn through classroom instruction, labs, and work experience so you emerge ready to excel in your chosen career.

SKILLED TRADES PROGRAMS

Automotive Service Technician

Culinary Arts and Design

Electrical Applications

Hairstyling

Industrial Welding

START HERE

A Skilled Trades program is an excellent fit if you're naturally curious, like working with your hands and mind, and want to showcase your artistry. Each program provides unique training and practice opportunities to give you a solid foundation in your trade.

GET THERE

Our graduates find work in multiple industries and sectors depending on their trade, including construction, electrical, and welding. Skilled trades require highly-trained individuals, especially graduates with Level 1 Apprenticeship accreditation.

“

It's a fantastic program that is making me feel ready to start working in the industry, so it's definitely something I would recommend.

– Meghan, Automotive Service Technician program

”

SKILLED TRADES PROGRAMS

Automotive Service Technician

Gain career-ready fundamentals in automotive repair, basic diagnostics, and troubleshooting in just eight months. Graduates who meet specific criteria can earn credit toward Apprenticeship Manitoba Level 1.

Career Opportunities

Auto mechanic, service writer, parts salesperson, service manager, shop foreman

MITT.ca/autoservicetech

Culinary Arts and Design

Turn your passion for food into a career. Earn your Apprenticeship Manitoba Level 1 accreditation while learning cooking and baking principles and techniques in a production kitchen with state-of-the-art equipment.

Career Opportunities

Prep cook, line cook, cook, banquet cook, deli worker, or catering chef

MITT.ca/culinary

Electrical Applications

ENGLISH LANGUAGE PROFICIENCY

English is the language of instruction at MITT, and students need a level of English proficiency that allows them to participate in all aspects of their program. An applicant whose primary language is not English or who is not from an English-exempt country must demonstrate English language proficiency.

For a list of English-exempt countries and detailed information about MITT's English language proficiency requirements, visit **[MITT.ca/proficiency](https://mitt.ca/proficiency)**.

Proficiency in English may be demonstrated by one of the following methods:

- > Writing an accepted English language proficiency test or completing an approved English language training program.
- > Completing the required level of the English Language Institute's (ELI) English for Academic Purposes program.
- > Meeting one of the identified English Language Proficiency Waiver criteria.
- > Completing the required level of an English language training program with one of MITT's Pathway Partners.

| Programs | Category A | Category B | Category C |
|-------------------------|---|---|---|
| MITT EAP | Completion of Level 4 with a minimum grade of 80% | Completion of Level 5 with a minimum grade of 80% | Category C programs have specific individual English language proficiency requirements. Please visit MITT.ca/proficiency for specific requirements for Category C programs. |
| IELTS Academic | 6.0 overall, no band less than 5.5 | 6.5 overall, no band less than 5.5 | |
| TOEFL iBT | Overall score of 78, with no less than 17 in each component | Overall score of 86, with no less than 20 in each component | |
| CAEL CE and CAEL Online | 60 | 60 | |
| Cambridget C1 Advanced | Scale Score of 180 / Grade of C | Scale Score of 180 / Grade of C | |
| MELAB | 80 | 80 | |
| PTE Academic | 54 | 58 | |

Category A Applied Leadership, Automotive Service Technician, Business Administrative Assistant, Business Management, CAD Technician, Carpentry, Client Service Specialist, Culinary Arts and Design, Electrical Applications, Electronics Technician, Entrepreneurship and Business Innovation, Graphic and Print Technician, Hairstyling, Hospitality Management, Hotel and Hospitality Services, Industrial Mechanic/Millwright, Industrial Welding, International Business, Network and Systems Administrator, Sales and Event Coordinator, and Software Developer

Category B Global Supply Chain Management, Human Resources Learning and Development, Medical Office Assistant, and Rehabilitation Assistant

Category C Early Childhood Education, Health Care Aide and Personal Support Worker, Pharmacy Technician

ENGLISH LANGUAGE INSTITUTE (ELI)

The English Language Institute (ELI) provides international students with a welcoming, friendly, and supportive learning environment to develop English language proficiency skills for entry into post-secondary programs at MITT. By successfully completing the English for Academic Purposes (EAP) programming at ELI, you can move on to the next phase of your academic journey with confidence.

In addition to EAP programming, ELI has a range of opportunities to enhance language learning through the ELI Experience Zone.

ELI Experience Zone

Students have the opportunity to participate in dynamic, fun and engaging activities to explore their new environment, build confidence and develop employment and communication skills for their future.

Adventure Manitoba Activities

Adventure Manitoba Activities are social and cultural events throughout the year, including museum and historical site visits, sporting and recreational opportunities and exploration of Manitoba's natural beauty.

Manitoba Ambassador Certificate

Through a partnership with the Manitoba Tourism Education Council (MTEC), students can earn the Manitoba Ambassador Certificate by attending a free workshop and participating in Adventure Manitoba Activities. Students develop customer service skills and gain a deeper knowledge and appreciation of Winnipeg and Manitoba.

Canadian Employment Exploration

Canadian Employment Exploration is a series of workshops, seminars and presentations that introduce Canadian workplace culture and help prepare students for future employment in Canada.

ELI is accredited by Languages Canada, Canada's premier language organization.

For more information, visit their website at languagescanada.ca.

For more information on ELI, visit: MITT.ca/ELI

ENGLISH FOR ACADEMIC PURPOSES

The English for Academic Purposes (EAP) program provides international students with the opportunity to achieve the English language proficiency requirements needed for post-secondary admission to MITT.

Program delivery

EAP courses focus on in-person delivery. Being on campus gives you the chance to build community with other students and get support from our friendly and experienced staff in and outside of the classroom. Students can participate in ELI Experience Zone activities to improve communication skills and connect to the Winnipeg community.

Program highlights include:

- > Multiple start dates throughout the year
- > 21 hours of instruction per week
- > Three levels of English classes
- > Textbooks included in tuition
- > Each level takes 12 weeks to complete and is made up of two six-week modules

| Intake | Levels | Program Length | Tuition* |
|-----------|---|----------------|----------|
| September | 3-5 (Intermediate to Advanced Academic) | 12 weeks | \$4,284 |
| October | | | |
| January | | | |
| February | | | |
| April | | | |
| May | | | |
| July | | | |

*Tuition is subject to change.

STUDY PERMITS

A study permit allows international students to study at designated learning institutions (DLIs) in Canada, such as MITT. The study permit is issued by Immigration, Refugees and Citizenship Canada (IRCC).

A study permit is required at MITT if your course or program is longer than six months.

After receiving a Letter of Acceptance from MITT, you must apply for a study permit as soon as possible.

Please visit the IRCC website at canada.ca/en/immigration-refugees-citizenship for official information on study permits.

Important reminder

You must submit proof of your valid study permit to Admissions by the study permit deadline indicated in the Letter of Acceptance. If a valid study permit cannot be presented by this date, you can request a one-time deferral to the next available intake.

Initial study permit (if you are applying outside Canada)

You may apply for an initial study permit while residing outside of Canada.

Required documents for an initial study permit include:

- > Letter of Acceptance
- > Proof of identity, such as a valid passport
- > Proof of financial support

Depending on your region, you may also need:

- > Family information form
- > Letter of explanation (submitting your study plan is recommended. Review the visa office instructions for details.)
- > Custodian declaration (for individuals under the age of 18)
- > Any additional documents as required

Contact a visa application centre in your region for specific requirements and instructions.

Apply online for your initial study permit by visiting canada.ca/en/immigration-refugees-citizenship/services/application.html

Questions? Contact MITT's immigration services advisors at immigrationservices@mitt.ca.
